Subject:-Subsidized rural dispensaries - Hospet Taluk Board - opening of a dispensary at Hosahalli - not recommended

---

Forwarded.

2. The District Medical Officer, Bellary, considers that Hosahalli is a suitable centre for opening a rural dispensary and states that in view of the present financial stringency the opening of the dispensary may be sanctioned when the financial conditions improve. I agree with him.

3. I have, however, no objection to the Hospet Taluk Board opening a subsidised rural dispensary at Hosahalli now, provided the cost of opening and maintaining the dispensary including the subsidy to the practitioner and the midwife is entirely met by the Taluk Board from its own funds.

The P.T.B. Hospet is informed that in view of the present financial stringency Govt are unable to consider the request of the TR Bd for the opening of a subsidised rural dispensary at Hosahalli. They have however no objection to the TK Bd opening a rural dispensary at the place if it is able and willing to meet from its own funds the entire cost involved in opening and maintaining the dispensary.
